Hi Cole,

Given the transfer and the January 11, 2022 status conference, would Sonos agree to a further 30-day extension to Spotify USA's deadline to respond to Sonos' subpoena? That would move the deadline to November 9.

Best,
Zach

Hi Cole,

Thank you for following up. Spotify USA will respond to Sonos' subpoenas as required by Rule 45. Whether Spotify USA will have anything to produce or have a witness to offer depends on what information is in its possession, custody, or control—which we are still sorting out—and, of course, its other objections to the subpoenas. As we discussed, Spotify USA and Sonos will revisit later whether a deposition is needed or appropriate.

Spotify USA will not accept service on behalf of Spotify AB. As we discussed, if Sonos wants information from Spotify AB, it should submit a Letter Request through the Hague. We are not trying to burden Sonos; Spotify AB insists on service through the Hague for all third-party discovery requests.

Please let me know if you have any other questions. Else, let's plan to reconnect once you receive our responses and objections to Sonos' subpoenas on October 12.

Best,

Zach

Hi Zach,

Wanted to follow up on our conversation last week.

As a recap, you indicated to us that your client preferred that Sonos serve Letters Request on Spotify AB through The Hague. We indicated that we would consider that in parallel with pursuing this subpoena on Spotify USA, but inquired as to whether Spotify USA would be willing to accept service on behalf of Spotify AB. Additionally, we noted that notwithstanding any Letters Request to Spotify AB, to the extent that Spotify USA has discoverable information (in the form of documents and/or the ability to produce a knowledgeable witness as to any of the deposition topics), we would anticipate Spotify USA producing such information in response to the U.S. subpoenas. We also agreed on a 30-day extension for Spotify USA to respond to the subpoenas.

Have you been able to confer with your client to confirm whether Spotify USA is able to accept service on behalf of Spotify AB or whether Spotify USA has responsive information in its own right?

Best,
Cole

Thanks for reaching out. Sonos is amenable to an initial 30-day extension. Today is tough is for me unfortunately, but would tomorrow work around 2pm ET?

Best,

Hi Cole,

We represent Spotify for this subpoena.

I tried you via phone earlier but missed you. I would like to discuss:

1. Spotify's request for an initial 30-day extension to serve its objections; and
2. Spotify's request for Sonos to serve Spotify A.B.

Best,

Zach
